following seasonal year and have been approved to coach that team in CASL. Application for financial aid must be received from the coach with a copy of the license, and be in written form submitted to the CASL Treasurer.

B.11. Field Grants. Subject to the limits and conditions set forth below, communities are responsible for providing their own game fields. Any attendant expenses are the responsibility of the community and/or team. Matching fund grants are available through CASL up to \$500.00 per year per community for field improvement, although not for routine maintenance (mowing, lining, etc).

B.12. Other Matters. Any matters not provided for in these rules and regulations shall be determined by the CASL Board of Directors and decisions so made shall be binding.

C. TEAM FORMATION.

C.1. Guidelines for Player Eligibility. CASL was established to provide the maximum number of players the opportunity to play soccer in a competitive level in a community context. Community is defined as the school district a player attends school. The exception to this is that private and/or parochial schools are considered school districts themselves, and teams can be formed for players attending private and/or parochial schools. Teams will be required to have a roster that contains at least 51% of players that attend school in their community. Teams shall be formed within the school district boundaries and in accordance with the CASL team formation rules. CASL may register teams that are not associated with CASL Members (as defined in the Bylaws and listed on the Web site), in accordance with the CASL team formation rules. ~~All game fields are at a reasonable distance within the Capital Area. Reasonable distance is approximately 30 miles between the two teams. No team will be required to drive more than 30 miles for a game.~~ **If the distance between two teams is more than 50 miles, the visiting team may request a neutral game site. This request must be made within the grace period of scheduling. Once the schedule is posted and final, the request for a neutral game site will be considered a reschedule request and will incur all fees associated with a game change.**

C.2. Team Formation and Organization. For teams playing in 7v7 divisions or 9v9, up to two (2) teams per community are permitted. Whereas CASL recommends that the 2 teams be equally split, it is up to the community to determine how the teams are split. For teams playing in 11 v 11 divisions, generally, only one (1) team from a school district or community will be approved in each age division. Teams U11 and older that have won the top division in a spring or fall season will be afforded the opportunity to play the subsequent fall or spring season with an age group one year older, subject to all other CASL formation team rules, and subject to timely application by the coach or club. Any such team so moved up will be subject to review by the Board of Directors, and may be returned to its age-appropriate division for subsequent seasons. Qualified U15 Non-High School teams may apply to play up at U16 if no U15 division is available, but no team may otherwise play with an age group that is two years older.

Girls are allowed to play on boys teams if and only if there is no girls team available in their appropriate age group within the community. Girls cannot utilize the club passcard rule to participate on a boys team. Boys are never allowed to participate on girls teams.

C.3. Tryouts. Except for teams in any Recreational Program sponsored by or affiliated with CASL, communities MUST conduct open tryouts for team selection. Unless otherwise RESTRICTED by MSYSA or the Michigan State Premier Soccer Program (MSPSP), tryouts may be conducted at any time after the 2nd Saturday in June and prior to July 15th for fall team formation and prior to February 15th for spring teams. Notice for team open tryouts must be given to all schools in the community where players of the applicable age attend, as well as taking other reasonable measures (e.g. newspaper notice) to ensure that players in the community are aware of the tryouts. In striving for impartiality and fairness, coaches are encouraged to include evaluators not associated with the team who are familiar with the demands of select team play, such as other current or former CASL coaches, former CASL players, or CASL or other community Board members, etc.

C.4. Conditions. The following conditions must be met in selecting players for a CASL formed team:

- For teams playing in 11 v 11 divisions, a minimum of thirteen (13) players registered with CASL. U13 and U15 Non-High School teams may register a maximum of eighteen (18) players. U13-U19 teams may register a maximum of twenty-two (22) players, though only eighteen may appear in any one match.
- For teams playing in 9 v 9 divisions, a minimum of seven (7) players and a maximum of eighteen (18) players registered with CASL.
- For teams playing in 7 v 7 divisions, a minimum of six (6) players and a maximum of fourteen (14) players registered with CASL.
- At least 51% of all rostered players MUST be age appropriate. The appropriate age is determined by the calendar year.
- Up to 49% of a team's rostered players may play two (2) age groups up.

D. COACHES.

D.1. Code of Ethics for Coaches. Individuals intending to coach teams sponsored by or affiliated with CASL will be held to a Code of Ethics (Document containing the Code of Ethics will be on the CASL website). The coach should also note that parents/guardians of players on their team might also be asked to complete forms that evaluate their coaching behavior. If the CASL Board of Directors determines that the behavior of the coach is inappropriate, the coach will be notified. The coach may be called before the CASL Board of Directors or CASL Discipline and Appeals Committee for review and will be subject to disciplinary action.

D.2. Coach Licenses. All CASL coaches MUST obtain at least a USSF E license within one (1) year of coaching any CASL team. Coaches not following this rule or obtaining this license will be subject to disciplinary action as deemed appropriate by the CASL Board of Directors.

D.3. Risk Management Cards. All coaches and team managers must apply for and receive a risk management Clearance from MSYSA via GotSoccer. The online application can be completed by visiting website, currently www.gotsoccer.com. All team officials must receive a username and password from the CASL Office.

D.4. Maximum Number of Team Officials. The maximum number of team officials that can be registered with each CASL team is three (3). One of the three must be designated as head coach. The other two positions may be any combination of Assistant Coach and/or Manager.

E. TEAM AND PLAYER REGISTRATION.

E.1. Team and Player Registration Forms. The following items must be submitted to CASL by July 15th for fall team formation, and February 15th for spring team formation:

- Proof of age must be submitted to the CASL Office once in a player's lifetime.
- Team Invoices will be due August 31 for the fall season and March 31 for the spring season. Teams with an outstanding balance on September 1 for the fall season and April 1 for the spring season will incur a \$50 late fee. If a team continues to have an outstanding balance, they will incur a \$50 fine per game played without their invoice being paid. If the invoice remains outstanding at the end of the season, the club will be responsible for the total invoice amount including late fine(s). No teams from the club will be allowed to register for the following season until the balance(s) is paid.

The following items must be submitted via the online system by August 1st for fall team formation and March 1st for spring team formation:

- Individual player registration and payment.
- Proof of high school attendance for all U-14 age eligible players to be placed on the roster for teams registering to play in the U-16 or U-19 divisions.

The team officials collect and retain the following items:

- A photograph of each player and team official on the team roster to be uploaded in the Blend Your Game system.
- Notarized CASL Medical release and Medical History for each player on team roster.

E.2. Player Registration on a Team. Any player registered to a team is bound to that team for the entire seasonal (Fall/Spring) year. Exceptions to this rule are: the team of original registration suspends operation; the player moves to a new location, a distance that would make it impractical for continuing with the original team; or the current team coach gives the player a release. In all cases the CASL Board of Directors must be notified of the change.

E.3. Dual Registration. Unless otherwise prohibited by MSYSA or MSPSP, dual registration is permitted. It is the responsibility of the player to complete any paperwork required by either team or league.

E.4. Club Pass Card. A club pass card is only to be used for the purposes of enhancing player development and fielding an adequate number of players (including substitutes) in order to play a game. The best interests of the pass card player are to be given priority when determining whether or not to roster him or her for a game. The club pass card is never to be used as a means to "stack" the team with more skilled players for the sole purpose of bettering the team's chance for victory. If a trend to this effect is discovered, the coach and team may be subject to disciplinary action. Players registered to a CASL USSF registered

K. HOME TEAM RESPONSIBILITIES.

K.1. Field Conditions. The home team provides the field, game ball, nets and corner flags. The home team is responsible for the condition of the field and for having proper markings and equipment. Fields should be clearly marked, policed of dangerous objects, free of potholes, ruts, etc., mowed to height normal for lawns. Nets and corner flags should be installed. Goals must be anchored, to protect against tip-overs. Field and goal size dimensions are as follows:

- Field size that is 47x30 yards with goals 6.5 feet high x 18.5 feet wide for divisions playing 7v7.
- Field size that is 75x47 yards with goals 6.5 feet high x 18.5 feet wide for divisions playing 9v9.
- Field size that is a minimum 60 x 100 yards/maximum 100 x 130 yards with goals 8 feet high x 24 feet wide for all other age groups.

If a game cannot be played because of poor field conditions directly related to the above items, the game may be rescheduled at the discretion of the CASL Scheduler; otherwise the HOME team will forfeit the game. In either case, the HOME team will be directly responsible for the referee fees for the unplayed game.

L. SCHEDULES AND CANCELLATIONS.

L.1. Scheduling. Coaches must submit a list of possible schedule conflict dates on the team registration form as part of the team registration process before both the fall and spring seasons. The CASL Scheduler then drafts and compiles tentative schedules for league competition. The tentative schedules are then delivered to all registered coaches at the seasonal coaches meeting. The Coaches have up to 5 (five) days following the coaches meeting to check their schedule and make any requests for adjustments at the discretion of the CASL Scheduler before the schedules are turned over to the GLASRA Referee Scheduler. All schedule adjustments must be agreed to by both coaches and finalized by the end of the 5 (five) day grace period.

In order to facilitate a thorough review of schedules, draft schedules may be posted on the CASL Website in advance of the coaches meeting.

L.2. Rescheduling. Once the respective fall or spring season starts, no rescheduling is allowed unless the CASL Scheduler determines that he or she has made a scheduling error that must be corrected or that a reschedule is necessary due to an unforeseen emergency or tragedy.

The Coach who initiates the rescheduling of a game is responsible to:

- Contact the opposing team's coach to see if they are willing to reschedule and arrive at a tentative alternate date, time and/or field.
- Contact the CASL Scheduler and inform the CASL Scheduler of the requested change.
- Re-contact the opposing coach once the CASL Scheduler has confirmed the game rescheduling.
- ~~Forward a \$50 rescheduling fee made payable to CASL to the CASL Scheduler if the reschedule is completed after the 5 (five) day grace period.~~ **Rescheduling fees will be paid via the website and will incur the following fees: \$50 if within one week of the originally scheduled date; \$75 if within 3 days of the originally scheduled date; \$100 if within 24 hours of the originally scheduled date/time.**

It is the responsibility of the CASL Scheduler to:

- Contact the Referee Scheduler and ask that the referees be rescheduled.
- Confirm to both teams that the rescheduled game can or will be rescheduled.
- Notify both teams if a scheduling error has been made and needs to be corrected and work with both teams to identify a mutually agreeable game reschedule.

L.3. Minimum Number of Players. For 11 v 11 divisions a minimum of seven (7) players constitutes a team for play. A game cannot begin or continue if one or both teams cannot field seven eligible players. For 9v9 divisions a minimum of six (6) players constitutes a team for play. A game cannot begin or continue if one or both teams cannot field six eligible players. For 7v7 divisions a minimum of five (5) players constitutes a team for play. A game cannot begin or continue if one or both teams cannot field five eligible players.

L.4. Games-Cancellations-Postponements. Soccer games are seldom canceled. Each team must report to the field scheduled unless notified by the CASL Scheduler that the game has been canceled prior to the game start time.

Upon arrival at the field, the game may be called only by the referee. A game must be called under following conditions: danger to players (such as lightning hail etc.) or poor field/game conditions (excessive water on the field, improperly anchored goal posts, strong winds, darkness). Any time a weather siren is sounded the game is to be suspended immediately, and the referee must instruct coaches and players to seek shelter. Likewise, any time the referee sees lightning or hears thunder, the game is to be suspended immediately, and the referee must instruct coaches and players to seek shelter. The game is not to be restarted until a period of 30 minutes has passed without lightning or thunder. A game may be suspended for a maximum of 45 minutes. At such time the game will be called. Coaches should also apply these guidelines in canceling and restarting practices.

The only reason a community representative or field coordinator may cancel a game is for the protection of a home field. Notification must be made to the CASL Scheduler at least two (2) hours in advance of the game. Failure to make good faith effort in notification will result in a \$45 fine to the community soccer organization.

Upon cancellation of a game due to weather or field related conditions, the home team must contact the away team within 7 (seven) days of the originally scheduled game to identify a mutually agreeable reschedule date. The home team must notify the CASL Scheduler of the agreed upon reschedule date or the failure to reach agreement with the away team within 10 days of the originally scheduled game. If the CASL Scheduler determines that one or both teams is not making a good faith effort to reschedule the game, he or she may recommend to the Board that one or both team forfeit the game.

M.1. League Standings. Standings will be computed at the end of the regular season play on the following points basis: Win - 3 points; Tie - 1 point; Loss - 0 points; Forfeit - (-1) point. No play-off games will be scheduled. Any team with a forfeit game will not be allowed to WIN the division championship. In case of ties in point standings the following criteria, in the order listed below, will be used to determine the division winner:

In the event of a forfeit, the team that is not forfeiting shall report the result as a 1-0 win and shall indicate that it is a win by forfeit. The score and standings will be posted to the CASL Web site. Refer to the CASL Web site for instructions on score reporting.
